

# PRIVATE Tastings

## PRICE LIST

The Whisky Exchange offers a range of private tasting options at our London stores. They are each led by one of our in-house experts, include 6 different samples, and last around 90 minutes plus extra time for questions and a private browse afterwards.

Alternatively, if you already have a venue in mind then we are very happy to travel – whether it's a private room in a restaurant, hotel, event space or office meeting room we can accommodate most requests.

To enquire about availability please email [tastings@thewhiskyexchange.com](mailto:tastings@thewhiskyexchange.com) with any dates and an approximate number of guests. You can also contact our stores directly on the numbers below.
